

ADR LAB8521

HORIZONTAL WRAP AROUND LABELING MACHINE

FEATURES:

- Industrial automatic labeling machine
- Automatic Labeling Start Up Function
- Touch-Screen Control System
- 30 Lots Cross Memory Module
- Labeling speed synchronization adjustment
- Accurate labeling result
- Structure made from S304 stainless steel and hardened anodized aluminum
- Designed for cylindrical containers

ADR offers a diverse range of high-quality labeling machines tailored to meet global companies' specific needs. Among them, the LAB8521 labeler excels at precisely applying horizontal labels to slim, non-freestanding cylindrical products like pens, test tubes, syringes, and lipstick. It's known for its speed, flexibility, and reliability.

This purpose-built machine utilizes an angled roller conveyor for accurate labeling, making setup and transitions straightforward with built-in operational instructions and user-friendly hand wheels.

Constructed to meet Good Manufacturing Practices (GMP) standards, the LAB8521 is built from durable materials, ensuring long-lasting performance in challenging environments.

ADR LAB8521

SPECIFICATIONS

Model	ADR LAB8521
Label Size	150mm x 75mm max.
Maximum Bottle Diameter	10-24 mm diameter
Operation	Standalone
Conveyor Width	100 mm
Applicator Height	150 mm
Dispensing Speed	40m/min max.
Spool Diameter	76 mm
Power Consumption	840 VA
Supply Voltage	220/110 Vac 50/60Hz 1 phase
Dimension (mm)	2000mm (L) x 1100mm (W) x 1550mm (H)
Certification	FCC, CE, RoHS
